Techniques and Optimization in Optics Fabrication

Event - Techniques and Optimization in Optics Fabrication ↻

Title	Techniques and Optimization in Optics Fabrication
When	Mi, 14. März 2018 - Fr, 16. März 2018

Description

Techniques and Optimization in Optics Fabrication

... a theoretical and practical course and experiences on high level optical fabrication technologies

Workshop 1: Wednesday (14.03.2018), 12:00 to Friday (16.03.2018), 16:00

Workshop 2: Wednesday (10.10.2018), 12:00 to Friday (12.10.2018), 16:00
