CPFN 2016 - Challenges and Perspectives of Functional Nanostructures (CPFN) Conference 2016

Event - CPFN 2016 - Challenges and Perspectives of Functional Nanostructures (CPFN) Conference 2016 ↻

Title	CPFN 2016 - Challenges and Perspectives of Functional Nanostructures (CPFN) Conference 2016
When	Mo, 20. Juni 2016 - Mi, 22. Juni 2016

Description

CPFN 2016 - Challenges and Perspectives of Functional Nanostructures (CPFN) Conference 2016

The conference committee invites to join the **Third International Conference and Fifth International MacroNano-Colloquium on the Challenges and Perspectives of Functional Nanostructures (CPFN)**, which is scheduled at **June 20th-22th, 2016** at the Institute of Micro- and Nanotechnologies (IMN) of TU Ilmenau.

The CPFN 2015 conference received great attendance (http://www.tu-ilmenau.de/cpfn/cpfn-2015/).
This year about 20 plenary and invited talks will be given by the leading scientists from all over the world.

Facts of CPFN 2016:

1. This conference is supported by the **Federal Ministry of Education and Research of Germany (BMBF)**
2. It brings together leading scientists and researchers in the fields of nanotechnology and the functional applications to exchange information on their latest research progress and innovation.
3. The main topics of the conference include functional nanostructures, surface nanostructuring and nanopatterning, and energy-related device applications including energy-related devices, functional intergration, and nanobiomaterials and systems.
4. Famous professors from both Germany and foreign countries, including Prof. Zhonglin Wang, Prof. Paolo Samorì, Prof. Stefano Passerini, Prof. Oliver G. Schmidt, Prof. Peter Strasser, Prof. Christoph J. Brabec, Prof. Dirk M. Guldi will present their exciting discoveries and perspectives on the related research areas.

Submission of abstract clarified as a talk or poster to this email address is open now and will be closed on June 15th, 2016.
No registration fee will be charged.
