

9th International NANOFAIR conference

Event - 9th International NANOFAIR conference ↗

Title	9th International NANOFAIR conference
When	Di, 12. Juni 2012 - Mi, 13. Juni 2012

Description

9th International NANOFAIR conference

The 9th international Nanofair conference which will take place from 12 to 13 June 2012 in Dresden.

Already started in 2002 Nanofair is the most established conference on nanotechnology in Europe and among the premier events worldwide. The conference will focus on following topics:

- functional nanocomposites
- nanostructured surfaces
- nanomaterials for life sciences
- nanomaterials for renewable energy
- nanomaterials for energy storage
- nanoelectronics & photonics
- processing aspects of nanomaterials
- nanoanalytical methods.
