Description

Advanced Solid State Lasers Congress 2017 (ASSL)

The Advanced Solid State Lasers Congress 2017 is being held 1-5 October 2017 at the Convention Center Nagoya, Nagoya, Aichi, Japan.

This exciting program highlights new sources, advanced technologies, components and system design to improve the operation and application of solid state lasers. It covers the spectrum of solid state lasers from materials research to applied science and design innovations. This international meeting is highly selective in reviewing paper submissions for oral presentation and uses a single track format to ensure all attendees have the opportunity to listen to all talks.
