Title	13th UPOB Workshop 2026 - High Tech Optics - Metrology and Manufacturing
When	Di, 17. März 2026 - Mi, 18. März 2026

Description

13th UPOB Workshop 2026 - High Tech Optics - Metrology and Manufacturing

In order to manufacture ultra-precise and high-tech optical components and to be capable of further miniaturization, reliable and extremely precise measurement technology is required. Both the introduced measurement systems as well as the results of round robin measurements show the enormous potential of this field of technology. In addition, a great need for comparability, standardization and proximity to users was also pointed out.

Now we plan this new Workshop with topic - **High Tech Optics - Metrology and Manufacturing**

Save the NEW DATE - 13th Workshop 2026, March 17-18, 2026! The Workshop is held in ENGLISH Language. To see more details please download the program. The workshop is structured in following 3 sessions:

■ **Adjustment and Application of Optical Components**

Status: 4 lectures are planned and confirmed

■ **Components and Metrology for Extreme Precision Applications and Smart Phone Applications**

Status: 4 lectures are planned and confirmed ■ **Components for Space Applications** Status: 3 lectures are planned and confirmed

Are you interested in taking an active part?

Would you like to give a talk on the topics mentioned above?

Don´t hesitate to contact **Mr. Klawitter in our administrative office!**

We will check if an additional talk is possible.

ONE Location TWO Events

In spring 2026 our workshop will again take place in Wetzlar in combination with the local trade fair.
On the one hand our popular **HLEM / Worshop series** takes place, on the other hand, the interesting **W3+ FAIR Wetzlar** is held at the same time.

For the second time the Competence Centre Ultraprecise Surface Processing UPOB is taking advantage of the trade show top class environment to host the 13th Workshop 2026. The two day event with topic **High Tech Optics - Metrology and Manufacturing** kicks off the day the fair is set up, March 17th 2026.

The cross-industry platform (W3+ FAIR) for enabling technologies, invites companies from optics, photonics, electronics and mechanics to Buderus-Arena Wetzlar.

Learn more by visiting W3+ FAIR website here.
