ISMTII - International Symposium on Measurement Technology and Intelligent Instruments 2013

Event - ISMTII - International Symposium on Measurement Technology and Intelligent Instruments 2013 ↻

Title	ISMTII - International Symposium on Measurement Technology and Intelligent Instruments 2013
When	Mo, 1. Juli 2013 - Fr, 5. Juli 2013

Description

ISMTII - International Symposium on Measurement Technology and Intelligent Instruments 2013

The International Symposium on Measurement Technology and Intelligent Instruments ISMTII takes place on July 1st - July 5th, 2013, Aachen and Braunschweig, Germany

The symposium will address the role of metrology in technical solutions mastering global challenges. Oral and poster presentations will deal with applying metrology in optical, medical, biotechnology, aerospace and production engineering industry. ISMTII 2013 will be organized by RWTH Aachen University and PTB in Braunschweig in collaboration with Fraunhofer IPT. ISMTII will be sponsored by ICMI, the International Committee on Measurements and Instrumentation.
