Nanofair 2016

Event - Nanofair 2016 ↻

Title	Nanofair 2016
When	Di, 14. Juni 2016 - Do, 16. Juni 2016

Description

Nanofair 2016 – one of the most established conferences on nanotechnology in Europe

Nanofair 2016 – New Ideas for Industry
June 14 – 16, 2016
International Congress Center Dresden, Germany

The conference will focus on highly topical trends in the field of nanotechnology:

- nanomaterials and nanocomposites
- nanocoatings and surfaces
- nanoelectronics & photonics
- nanomaterials for life sciences
- nanomaterials for energy applications
- nanofabrication & nanomanufacturing
- nanoanalytical methods

download the call for papers by following link http://www.nanofair.com/call

A central element of the conference is the accompanying exhibition.
The exhibitor’s night on June 14, 2016 will provide an exclusive platform to present your products to potential customers.

Also the
2nd International Symposium on Additive Manufacturing ISAM and the
4th Dresden Nanoanalysis Symposium
will be held in combination with the Nanofair at the Congress Center Dresden.
