Description

AVS - 64th International Symposium and Exhibition

The AVS International Symposium and Exhibition addresses cutting-edge issues associated with materials, processing, and interfaces in the research and manufacturing communities. The weeklong Symposium fosters a multidisciplinary environment that cuts across traditional boundaries between disciplines, featuring papers from AVS technical divisions, technology groups, and focus topics on emerging technologies. The equipment exhibition is one of the largest in the world and provides an opportunity to view the latest products and services offered by 200+ participating companies. More than 2,000 scientists and engineers gather from around the world to attend.
