OSA - Imaging and Applied Optics Congress 2017

Event - OSA - Imaging and Applied Optics Congress 2017 ↻

Title	OSA - Imaging and Applied Optics Congress 2017
When	Mo, 26. Juni 2017 - Do, 29. Juni 2017

Description

OSA - Imaging and Applied Optics Congress 2017

This years OSA's Imaging and Applied Optics Congress is taking place on 26-29 June in the Hyatt Regency in San Francisco, CA.

Imaging and Applied Optics Congress provides a comprehensive view of the latest developments in imaging and applied optical sciences, covering the forefront advances in imaging and applied optics as well as the application of these technologies to important industrial, military and medical challenges.

Participating Topical Meetings will be:
•3D Image Acquisition and Display: Technology, Perception and Applications
•Applied Industrial Optics
•Computational Optical Sensing and Imaging
•Imaging Systems and Applications
•Mathematics in Imaging
•Propagation Through and Characterization of Atmospheric and Oceanic Phenomena
